Summary

B.Tech Information Technology graduate and aspiring Full Stack Developer. Strong problem-solving and programming skills with hands-on project experience. Passionate about developing innovative solutions for real-world challenges. Quick learner with strong adaptability, communication, and teamwork skills. Eager to contribute, learn, and grow in a dynamic organization.

Skills

Languages: Java, JavaScript, C++, C, SQL

Tools & Technologies: REST APIs, React.js, Node.js, Express.js, MongoDB

Interests: Object Oriented Programming, System Design, Database Management System, Operating System

Internship Experience

Web Development Intern – ennoViQ Educator & DLQ Technologies

Oct 2023 – Dec 2024

Gained hands-on experience in full-stack web development through internship projects. Worked on real-world web development tasks, contributed to internal modules, and developed an understanding of front-end, back-end, and team-based development workflows.

Projects

Blockchain-Based Smart City Complaint System *Tech: React.js, Node.js, MongoDB, Blockchain, Smart Contracts*

- Built a **full-stack decentralized complaint management system** using React.js frontend, Node.js backend, and MongoDB, allowing citizens to submit city complaints online with real-time tracking.
- Integrated **blockchain smart contracts** to ensure data immutability, preventing tampering of complaint records and enhancing transparency and public trust in the grievance redressal process.

Knee Osteoarthritis Prediction System

Tech: Python, Deep Learning, CNN, Image Processing

- Built a **deep learning-based prediction system** using CNN architectures to classify knee osteoarthritis severity from X-ray images, enabling early medical diagnosis support.
- Implemented an end-to-end pipeline including **image preprocessing, feature extraction, and model training**, achieving reliable classification across severity grades.

Education

Velammal Engineering College

Nov 2022 – 2026

B.Tech in Information Technology | CGPA – 7.99

Sri Vaiyapuri Vidyalaya Matric Hr. Sec. School

HSC | Percentage-86.6%

2022

SSLC | Percentage-82%

2020

Certifications

- Google AI Certification** – Completed the Google AI certification program, gaining expertise in machine learning concepts and applications.
- C & C++ Programming Certification** – Earned certification demonstrating proficiency in software development and problem solving.

Participations

- Solved **100+ coding problems** on LeetCode, strengthening algorithmic thinking and data structures.
- Secured **1st Place** at XTFest 6.0 conducted by SSEC, awarded ₹2000 cash prize
